Christmas Greetings

Dear Monsieur Karl,

at first I would like to ask pardon for the delay of my answer. I think Christmas is a very good reason to write to you. I would like to thank you for the DVD regarding HIGH NOON Schooling. I was very impressed by your work and by the development of the horse. And it was a pleasure to see your deep relationship to High Noon. I am looking forward to the second part.

I wish you a merry Christmas and a happy New Year, all the best for you and your family. I hope to welcome you back in Verden in 2014.

Best regards
